Good post Len, there is more to all of this than just killing.

This is about tolerance, acceptance, and we humans not killing each other. But in this case, I think we must kill others. Terrorism is a cancer in society. We must eliminate it just as we try to eliminate cancer in living things.

Please consider donating to help the firefighters that died trying to save others in NY. Here is what I sent to a mailing list I maintain.

See:

<http://www.iaff.org/>

There is a phone number there to donate to the NEW YORK FIREFIGHTERS 9-11 DISASTER RELIEF FUND.

Or:

Anyone wishing to contribute may send their donations in care of the The New York Fire 9-11 Relief Fund, c/o Firehouse.com, 9658 Baltimore Ave - Suite 350, College Park, MD 20740, Please, do not send cash.

Many firefighters gave their lives while trying to save the initial victims of this tragedy. They leave families, spouses, and children that need our help.

Let us, for now, concentrate on helping the survivors and families of those that didn't survive.
