SO far that has not happened..and as I have a full time job else where it is indeed a good thing to ask for Moderators....

would you like to be one????

Please let me know.

I am a moderator on another site (tech related) that use this UBB software [www.ntfaq.com](http://www.ntfaq.com) some times it is important to be able to edit a post ...etc....

But all I care is that this forum remain public and free and uncensored...

Thanks for the chance to explain this..

Please post away

You can't have it both ways.... You can't say you'll stop the madness and call yourself uncensored.

At some point, you will censor someone! You are no different than any other legitament BBS when that happens.

I find it ironic you accuse others of censorship and also state you will too.

Can I call you an ASSHOLE! Will you edit this?

Hehehe you do have a good point by look at it like this....I am joining issue with you therefore validating your claim..

Did you know that this site claims to be uncensored...as does not try to compete with other sites, (namely the OFFICIAL site)

I do not claim to be better only real time posting in a community of your peers..

I have been known to be worse than an asshole. hehehehe 

Have you listened to Art bell for long?

I have for several years over 5 !!!!

Where are you from?

I am in Seattle now...but came from Detroit Michigan...I love college football and I am a die hard Wolverine fan.....

Whats really going on Friend!!

Aaahhh, FINALLY a breath of fresh air! I can finally post a message without it getting deleted. How wonderful!

I am curious about this discussion Carl is having. Some of his comments:

"...why do you need moderators? This smacks of hidden agenda here. What a shitty thing. You'll claim to be uncensored, but will have moderators in place to remove that offending post that bitches and complains or does whatever you don't like."

"Somethings fishy here in Alternative Land. Sounds like you'll be in the same boat Rowland is, he removes offensive material and you claim it's just a point of view."

(Sounds like Carl is on the side of Keith the webmaster, and with a bad chip on his shoulder.)

"And then you can't stand on your own, you have to sneak links over on Rowlands board. What a shifty thing to do. You all should be ashamed of yourselves."

(Is this KR himself? Who has been sneaking links over on Rowlands board?)

In another discussion room here, Carl says:

"Yea, Keith Rowland's brain is probably mush, after reading all the shit you guys post on his board."

WOW!!! Now Carl is calling posters on the BBS names, saying what they post is "SHIT"! Obviously, Carl thinks the people who post there are SHIT!

That explains a lot! If that's the way Keith Rowland thinks of the people who post on his website, they have NO REASON to stay there. And it also explains WHY they would want to come here...to a place where they are treated GOOD instead of SHITTY!

So glad to be in a place where you can breathe fresh air instead of "shitty" air. It smells much better here!

Sounds like someone made their own bed, and now they're having to lay in it.

I see you've EDITED your message to fix your mistake.

Why don't you just edit it again and put in Keith Rowland, since that's who you think I am. They'll be many Keith Rowlands here I suspect.
