Hey it took you awhile but you finally wised up!

The Grand Experiment, you passed, so far.

Now the question is, will you continue to allow the Ghost of Keith Rowland to continue to post!

IP Spoofing really works! Next Stop Art Bell!

BUSTED!!!!

Carl Green...either Keith Rowland himself, or related/connected. Yes, I think we all knew this.

And now, everyone can see just WHO/WHAT ROWLAND NET REALLY IS!!! Not the mild-mannered smooth talker that has deceived the audience and the network, but a vicious dog, chewing and gnawing away at others.

I am anxious for the press releases to be sent. I especially hope Premiere is informed of the works of their webmaster.

THE TRUTH SHALL SET YOU FREE!

Rowland Network Communications

Dear Friends,

Because of the flack I and my wife were getting for trying to keep a clean BBS, several people were banned from this site and they went off and have formed their own web page and BBS. They claim to have an uncensored board. So I decided for fun, to try them out. Maybe a childish thing to do, but not any worse than these people were doing to me on my BBS.

I joined this other BBS as Carl Green. I posted hateful and antagonistic posts. I put on a simular personality as those who hated me for what I do here. This was a test, to see if they really allowed hateful, crude posts. Well hey, they do!

It took them a day, but they are also real proud to have figured out who I was, after all, I (Carl Green) was the only one confronting them and giving half-hearted support for Keith Rowland (also myself) on their BBS. And I did use my own computer IP address.

Well I'm here to tell you, they have PASSED the test. They have continued to leave my fake, crude posts up there and have not banned me yet.

So if you don't want the clean civilized environment of this BBS and would rather complain, being uncivilized and rude and crude, there is a place for you. It's the mikesiegelc2c.com website. Now they don't have the endorsement of Mike Siegel and most likely won't, but they are there and will welcome any of you who feel threatened by our moderating. They will take it all! I'm proud of them. Of course I'll keep my children away, but hey, I'm that way.

BTW, They are planning some sort of MASS FAXING campaign to announce their brilliant detective work. But of course if I was really trying to disguise myself, I wouldn't have use my own computer! Duh! They are proud to have discovered me. Actually they should be proud to have kept to their word, and will be completely uncensored, allowing anyone to post anything they want. So enjoy!

I warned you!

Later, Keith

(Had ya going, didn't I?)

I would like to bring to everyones attention the fact that "Carl Green" didn't happen on this board until My very own access to Rowland Net was deleted and I was banned.

Seems that little keith found the buried link and was a little peeved...If he is so sure of his "web" prowess he would not have been so threatened by this place.

If he had been a true man he would have allowed links to other pages with no compunction...Hmmm...Someone was mistreated as a lil boy I suspect.

Now he is showing his true colors. Very Nice Keith! Whats next? Will you hold your breath and piss you pants out of spite?

Keith as posted his little confession as I was writing this post...This is the edited portion...My question is how such a guy could possibly hold a job with a "professional" company and admit to such unprofessionalism? He's actually proud of it...Notice the only person spouting idiocy was Keith...Everyone else was pretty above board...

Very good Keith! Heres to showing your ass to the world buddy!

No Ken Charles, I'm going to send all the malcontents over here so you'll feel at home. :-)

I'll be leaving now, ignoring your insults. Nothing personal, it was fun. Your name calling only proves your own insecurity and desire for flame wars. That's a sad statement about people in general. I guess people like you need places like this.

But you should leave all my posts up, or you'll be tagged a fascist censor, and I'll have to remove my endorsement. Like you need it.

You've all been a bit of entertainment for me in a very stressful week of work. Thanks for your time.

Behold: The Ghost of Keith Rowland, signing off!

A smart guy would have signed on as moderator and taken the IP addresses for himself...Obviously Keiths idea of sly leaves a bit to be desired.

This guy can't even spell "hypocrisy" correctly twice...Ever hear of spell check?

Fact is Keith Rowland is a Rube...a Sheister passing himself as a (get this) "Web Guru"...I don't know about the rest of you but I've seen better web pages built by 12 year olds...How many times is it necessary to enter ones password into a BBS? Jesus man..."user friendly" was a term coined for a reason...go find out why.

Lookit! He had to come back to add the "Behold..." part...This guy doesn't get enough attention at all!

Do you need a hug buddy? C'mon...It's all about love man!

**Keith Rowland: Friend or foe of Art Bell,
Webmaster or Scum Bag of Coast to Coast?**

Keith, you can make fun of this UBB all you want. The fact remains that your dispicable and lude behaviour here has revealed your TRUE nature. (Which we all have been encountering for the past several weeks.)

You have behaved so vile, so badly, you are truly a disgrace to the webmasters of the world. No REAL MAN would stoop so low as you have.

You were angry and jealous because Dark Truth posted a link to this website. You have been behaving irrationally ever since Art announced his retirement. (You are VERY INSECURE.)

The posts you deleted (and discussion rooms) were NOT crude, rude or anything else! You are LYING about your reasons for being so cruel to Art's listeners and posters!

IF YOU WERE TELLING THE TRUTH, YOU WOULD'VE DELETED THE SLANDEROUS POSTS ABOUT ART WHICH I ELABORATED ON IN ANOTHER DISCUSSION ROOM HERE! Here is a repeat of the post in the room under "Thank you Art Bell"...Premiere's real agenda for what's been going on.

----begin----

There was one thing that made me question what was really going on at the "other" BBS and with Premiere.

The webmaster there was deleting many, many posts in the discussion room on "Art Bell's Retirement" and in the "Welcome Mike Siegel" room, especially anything that wasn't favorable about Mike.

But there were a couple of REALLY slanderous and defamating messages posted about Art. These messages contained nothing but horrible lies, the same type of lies that Art is going to court over.

AND these posts were left on the BBS. They were NOT deleted, even when people commented on them. Why? Any bad posts about Art were left posted in the discussion room, but other posts about Mike, were deleted.

This made me very suspicious of what was really going on.

----end of post----

So Keith, again I say, YOU ARE A LIAR!!!

Fool me once, shame on you...Fool me twice, shame on me!

You are a true abuser...getting off on your power-hungry trip by abusing others who try to post on the BBS. This NEVER happened before, when Art was on the show.

You are a deceiver and a traitor...a back stabber...two-faced! SHAME ON YOU!!!

AKA Carl Green: You think you have revealed this bbs for what it really is, huh? A place for malcontents and trash talkers, where no one has anything worthwhile to say. I say all you have revealed is the magnitude of your arrogance and the breath taking depth of your ignorance.

I have two questions for Carl/Keith.

First: Do you suffer from multiple personalities disorder? if so, I recommend a good psychiatrist, who can prescribe medication to help you with this problem. You do seem to exhibit several signs, including paranoia, radical mood swings, and having two names - Carl for the bad boy and Keith for the good boy. I could recommend a couple of good doctors for you, my friend.

Second: What did you mean in your post about "NEXT STOP ART BELL"? Is Carl planning another attack? Just what has Art done to you that you would want to trash him the way you have this website and forum? You might want to discuss this anger toward an x-celebrity with that psychiatrist.

Or, perhaps, is this a cry for help from Keith during one of your more lucid moments?

Perhaps Premier should require that you take a psychiatric profile examination before they turn you loose on their other websites. I truly

believe you are very ill, mentally and need HELP.

This is TOO COOL GUYS !!!! I LOVE IT !!! Way to go Keith, and Art if you are here, I really am impressed !! Thanks for showing up. Would you like to do an online show for us ? We would be most honored, I'm sure. But Keith, you do seem a little scary, (mean-like). Why are you so mad ? No one around here is hurting you in any way, we are just talking and surely our small place can't hurt you in any significant way. Relax and join us, didn't we send you a proper invitation? Yes we did. Give us a little time and we really will have some meaningful conversations. We are still in shock over Art, thats all. You might be his close friend, but lots of us here felt like he was our close friend too, even if it was only on the radio. Something about his voice made him seem like a dear friend, and we REALLY miss him. Think how you would feel if he was gone from your life overnight. He's the best and always will be.

To Keith Rowland aka Carl Green:

You have reminded visitors to artbell.com that you are a Christian and have ethical standards on you website. Well sir you are the biggest hypocrite that I have ever seen.

You sir, are nothing more than leech that lived off the back of Art Bell. When he decided to retire you flipped out and began kissing the ass of Premiere. To hell with ethics, morals and your Christian beliefs. You began to edit your forum to make everything look great so you could get the "big Job" with Premiere because without Art Bell you would have never survived.

Hey I guess you think it is honest to show Premiere what a happy family you have at your website so that you can land the "big Job". Deleting any opinions that may have shown Premiere that all was not well in their selection of hosts.

In addition you stated the editing was required to keep things civil. Is the following post you placed here civil?

"I don't see the intelligence level any better over here, just a bunch of cry babies crying censorship. You couldn't play in the big boys playground, so you had to resort to your own sandbox. Wahhhhh Wahhhhh!

Typical conspiratorial assholes!

I suppose since your God, Art Bell isn't around, you'll all flounder in the abiss. Try and get your life together and don't sweat the small stuff. You all act like getting your measy little voices out is the end to end all."

What a crybaby you are. Did it ever occur to you that Linda Howe fired your ass because you are such an egocentric asshole? Then you write a sour grapes article in you Webmaster section in an attempt to make

Linda look like a crook.

Keith, you have lost any respect you once had and if I were working at Premiere, I would be on the lookout for the new back stabber that landed the "big job". When I was in the corporate world, you are the type of person that is known as an ass kisser and a backstabber. God help the people that will have to work for you.

Keith, Carl, or whatever you call yourself now, I think you need the help from a licensed therapist.

It seems that many discussions with a religious ingredient, eventually turn into a pure religious debate. When it does, please bring it here and leave the original discussion in other areas of the BBS on topic.

"CALLING ALL SINNERS, IN NEED OF A SAVIOR !"...

...Is a discussion, on a web message board, provided to the public, by "Rowland net", under the care of Kieth Rowland and Karen Day, for those of like mind to converse their thoughts and/or comments and/or opinions and/or beliefs, pertaining to the TOPIC that the postings are listed under...staying on topic.

This is what I agreed to do when I registered.
The "RELIGIOUS INGREDIENT" in the top statement, by SYSOP, for me is SCRIPTURE. For myself it will be a challenge to speak of the BIBLE , GOD , SALVATION , SIN , FORGIVNESS , JESUS , CHRISTIANITY , and of course SINNERS, with using only "LIMITED" scripture references.

Well, Well, Well... Almost 1 year to the day of being banned on the ole' "Kieth Rowland Censorship Machine". All I can say is...

Yes, you were badly treated and persecuted by the Rowlands. I am sooo glad to see you here. No need to be afraid to speak your mind.

You have ALWAYS been such a kind and considerate person. It was a SIN when you were banned. All in the past now...enjoy!

See you soon, Amanda 😊

wow scott (above) you really put things in perspective for me. i been trying to figure out why keith/carl got so nasty, but now i see. of course he was bucking for a job after losing his cash-cow! yikes! with friends like that.... hmmm. what struck me was the way he stormed in here, it reminded me of the conflict between art and that r.a.m.stephens guy. and didn't that guy run a bbs called 'behold'? and keith/carl comes storming in here shouting 'behold' 'behold'. holy moly.

morning all...tried your suggestion of listing favorite urls in preferences on post to post...they were not allowed to go through...then i composed a post to mike siegel under 'guests and hosts' and slipped in the 'hidden' url...the post was intercepted for review and has not appeared. the post was a note of support for mikes efforts and to tell him he has support from many corners etc..

I included two disappointments...1. the cutback to 4 hours... (fundamental structural change to the show we were told would remain the same)and 2. the elimination of the 7-10 rebroadcast (essential for working people on day shift)

Apparently bridge building between C2C sites is not to be allowed nor is any reference to subjagating moves by Premiere. Yes, Joe, the rustling ghost of Art Bell is a thorn in the desert to Premier no doubt...may they be impaled on it ...sooner the better!
