I agree with you Dark Truth. Have dealt with this type of personality before, and what I have found is that it's hard for one person to fight. So, if we completely ignore the posts, sooner or later, when Carl figures out that nobody will argue back, he'll get bored and go somewhere else.

Guess there's always one in every crowd who can't form a cohesive, intelligent thought, so all that comes out is a big pile of trash. So, yes, let's just all ignore this guy. We've got better things to think about, and all he's being is a major distraction for what this forum is all about.

Yes Dark Truth...This is a very good idea.

The Amish call this "shunning". And so it does prove to be very affective.

My son sang me this song today, "Been spending most of life living in an Amish Paradise..." Hope Carl enjoys his vacation.

Well you might not reply, but you all WILL read my posts.
Because you all claim to be uncensored. Great!

I can stay here and preach the good word! And NO ONE will
debate me or contradict what I say! This is like heaven!!!

Of course if you delete my posts or ban me, you'll be the
hipocrite you cry out against!

What a "strange" position you put yourself in! You welcome all
posters and choose to ignore anyone who combats you!

A one way soapbox!

What a bunch of lame brains!!

Behold! I live forever.

Keith/Carl

Your posts on this board have totally taken me by surprise.
During the 'feud' I fought like crazy for you and Art. Lost
friends over it. Would not believe you were censoring your
BBS. Would not believe you spammed those you disliked.
Would not believe that although you presented yourself on
the website and in person as a Christian, you didn't behave as
one privately. I wouldn't believe Art would allow such a
person to represent him through a website. Art wouldn't allow
you to censor the artbell.com BBs, I believed, as Art believed
in free speech. I believed and took up for you right up until
you deleted and then banned my address, over a negative
post that was not flaming, not rude or abusive. Your excuse
was it was off topic or/and in the wrong place on your neat,
controlled, compulsive BBS, which was blatantly ridiculous.
Coming here this morning and reading these posts you have
written has just been the most eye opening thing to happen
to me in a long time. Your post on your BBS states, that in a
childish manner you posted on this BBS, the innuendo was
that you had made one post.

Are you so upset that there is a BBS that one can post both
the negative and positive aspects of C2C, that it inspired you
to do this? Are you so jealous...so petty as this?
What do you have against people being able to speak their
minds? Are you that afraid of the truth?

You dare to come here and post that we are all shitty...we are
shit. WE are the ones who kept you in a job and Art on the
air. We are the reason you have been offered a better
position, a good move as far as I'm concerned, the last thing

a paranoid, jealous, fearful of truth being stated person needs to be doing is running a public BBS. No one would even know your name or who you are if WE hadn't of made your website/BBS so popular. Remember that next time you decide to take a crap on your friends.

I do not appreciate your referring to me, as you have done on this board. AND you were referring to me, as I am a poster here and was on your BBS.

I have copied all your posts here along with the letter you wrote on your site. I haven't quite figured out what to do with them yet. The one thing I KNOW I will do is see that your new employers have a copy. These type posts are not something that I would think Premier, Rush, Dr. Laura or Mike would appreciate from their webmaster. I know I will never come to the C2C site again to find out the latest news, what guest is on tonight, the latest pics, or to listen to an archived show. This will be my loss, not yours, but my values and morals will not permit me to visit in a home (which C2C is to you) when the host has such disdain for me.

I am very, very sad,

Jan

Hi everyone,

I have just received the sweetest letter from Barbara and she asked me to post it for her. I thank you Barbara so very much.

Jana,

I would like to thank you for the message you posted on the Siegelc2c website addressed to Keith. I too was shocked to learn that he was Carl Green. When I read his messages it made me sick. I couldn't imagine who would want to ruin this wonderful forum where fans of c2c and Art Bell were able to express their opinions, whatever those opinions maybe. I always felt that Keith was a good family man and I felt sorry for him and the position he was put in because of Art's retirement. I stood up for him too. I wrote him an e-mail and told him to "hang in there, things will get better", I knew he was under a lot of pressure. What a rude awakening to learn what was under that facade of "a good family man", I can hardly believe it! Jana I would have posted this message on the Siegel site, but I wasn't sure

on how to go about doing it, I'm new at this computer game. If you can somehow transfer this message to the site, I'd appreciate it. If that isn't possible, I'll save it and post it myself when I learn how to do it. Thanks again, Jana, you expressed yourself so well and said things that really needed to be said. I hope Keith read it and felt some shame.
Regards, Barbara R.
