After reading and re-reading the posts from "Carl Green" aka Keith Rowland, I found myself wondering if he was attempting to pass along what Premiere expects him to do with the official BBS.

He said,

"They better keep screening calls, to keep the likes of you folks out!"

"I suppose since your God, Art Bell isn't around, you'll all flounder in the abiss."

He used terms like "mob mentality" "lame brains" "morons" and insinuated the posters here are "putting their sheets on" amongst other assorted insults.

Could it be that Premiere has instructed Keith to ban and restrict according to these guidelines? Ban and restrict people who obviously have the mind to see through the sham Premiere is producing? We were promised the format would remain the same.

I was banned from the BBS for stating that, in my opinion, the listeners are being fed a pack of lies.

"Keep screening calls, to keep the likes of you folks out!"

I'm sure.

Yes, many of us can see that Keith is kissing up to Premiere, while stabbing Art and his listeners in the back at the same time...all for the sake of money and position.

I believe Premiere does not want our voices heard, and that's part of the reason Keith did everything. (Definitely NO EXCUSE for his actions or behavior though!) GREED is Keith's motivation.

About Premiere, I think Art was forced into retirement. If this were not true, then why would they try so hard to silence all of us, and remove all traces of Art? That's what has happened here...EXCEPT for this forum...thank goodness we will all be able to stay together.

We must get the word out to others about this site...get it published, etc. There is power in numbers.

Keith does seem to be trying to impress on people that everyone against him are some sort of crazy person.

And I have to admit, I honestly think it was his goal to get anyone who would speak out, off that board. I think their attitude is, that others will replace us. And I get the impression that they don't want us gathering together elsewhere, either.

Melissa: I think you're right about them not wanting us to gather together anywhere else. That would tell me they think we're a threat to them. There must be a lot more of us than we realize, cause if there were just a handful, why would they feel so intimidated?

Me thinks that things are "not as they appear to be" on the surface. And, I think more people are getting a little more than suspicious with all that's happened. And, with the trick that Keith pulled, I can see that it has only back-fired in his face. You'll note how quick Keith was with his damage control on the other site.

Anyway, that's water under the bridge, and I think his little prank only acted to awaken a few others that may have been on the fence.

Thanks Keith!

Two simple questions, revisedcode...

1. To what extent are you going to be able to remain in the vicinity of Coast-to-Coast?

and

2. To what extent do you want to remain in the vicinity of Coast-to-Coast?

These questions need to be considered, no? And appropriate contingency plans need to be drawn up in either case, no?
