The poster said something like "Mike's voice is annoying" and that he's "a conceited lawyer" and that "he doesn't have a clue about science or technical stuff"...</p> <p>I saw it yesterday... It was either here, or in the "Rough Ride" section...</p> <p>Was it deleted because it was too controversial??</p> <p>I'd like to see more "C2C is Toast" posts because I really don't like Mr. Siegel as a host, and they should dump him, (even Whitley would be better) and I'm really hoping that Art will return... maybe if we bitch and whine enough...</p>
