Art is a very special person. Anyone wanting to post can do it here fortunately. Art needs to know we all support him in his time of need...After all, what are friends for? 😊</p>

(I consider the mainstream media in this country to be embarrassing!) It holds that a slow news day in Chicago with net you stories about car crashes and rehashes of the latest scandle in D.C. In other countries, a slow news day may result in the publication of stories,true or not, like the one about Art. To increase readership,contraversey,and bring attention to their paper, I'm sure this paper did it for some self serving reason. After all, who do they have to answer to? Now, as to the cretin who wrote the story,that is another matter! It apparently originated right here in the good ol US of A! This person has a lot to answer for and if caught,should be made to pay! It really doesnt matter if it was Art Bell or Joe Average he/she slandered by writing this bogus story, damage was done. A long term garnishment is in order here. Lets make an example of this turkey! To suffer as others have suffered. And then some...</p>

No apologies necessary Fahvah, and I agree with you. This person should be punished strongly. I hope they track him down.

Yes, I hope it turns out well for Art. It's because of him, we all have something interesting to do at night.

I find reading "Dante's Inferno" as re-assuring as it is frightening.

There is a special Circle for those who ruin the lives of others with their gossip and libel.

How much more will the Ents endure? maryals

When My 'little' Sister Walked Through the Front Door Around Midnight....when She was around Six or Seven.....'WE', Her Brothers, Asked, "Where the Hell Were You?", She said, "Mary MacDonald's.", and went Back to Bed.

Next Day....found Out that 'Sister' had been Going through the MacDonald's Trash.
