I'll begin with this: Here on board we can all focus our heartfelt intentions in the form of a 'mind blast' or prayer or whatever you choose to call it, to effect a special 'target'. There is superlative power in this and we can all be proud of the part we play in these endeavors.</p> <p>Do you have a reason to be proud?</p> <p>-----</p> <p>Another reason to be proud: "Somewhere in Time" Listen to the interview... I am very proud of the fact that as of today we've passed the 700 mark and still growing. Included in that pride is the strong base established by our captains which has kept this ship moving forward and gaining in strength, helping the new pirates settle in, and demonstrating by our behavior that this is a group of very caring people who provide the freedom of speech without having to harm others.

Hello Lou... Looks like we don't have to many reasons to be proud hey? Oh well, we can at least ramble on about nothing! We do have that right!

Thanks for the reply Lou, you're a very caring person and it shows...
