Steady crew! STEADY!! 'Tis no kraken!
Just a reminder: Mike's picture (and his cat) have been there since Mike took over. Actually, this is the second image of Mike & Vanna; it replaced the first after about two weeks. I expected it to change over time, like Art's pics did, but no, same picture week after week. Then for New Year's they had the 2001 graphic (which stayed up a loooong time, if you ask me.)
Looks like business as usual, to me.
I'm not worried. I trust Art would let us know.

Well - you know Hurricane Joan
It just THAT IMPORTANT to us -
That we could hardly bear for Art's Show to not be there Feb
5th, 2001!
We're just whipt - without OUR favorite talk show host - and a
little afraid (given the many rumors that fly of the possible
'things that could go wrong') -

Just follow the money folks!
That pot o' gold leads to our man -
And radioland knows it full well!
Faith!
Art Bell knows what he is doing.

They're just being polite -- after all, Mike is still doing the
show UNTIL that BIG DAY!

In the "Recent Items & News" section, the news of Art's return
and the Interview are still listed.

Art WILL be baaahk!

Has anyone noticed that tonight and the future nights there is no "host" listed on the programming? I noticed it last night.

Last night's host was listed, but not any for tonight and

on...hmmm...

I noticed on C2C tonight they are running a new commercial for the After Dark newsletter, for the February issue. Apparently, it features the interview KR did with Art. They seem to be making a big deal out of it, so I wouldn't worry too

much!

yes jeri, it was before Pearl. (1933, I believe. It was his Great Depression speech.)

But I still think everything's cool. Mike keeps talking about how, "Art will probably continue this & that, etc." So yeah, I think they're giving Mike his send-off.

Okay, guys, what am I supposed to see? I just went to artbell.com which took me to C2C where I saw the same nightmarish picture of Mikey and the lovely Vanna that I saw last night. Is it indelibly burned into my brain?

I'm still getting the picture of Art Bell when I hit "artbell.com" and Mike Siegel when I hit coast2coastam.com

I think that those of you who are getting the Mike Siegel pic when you hit "artbell" may need to clear your cache, which is automatically taking you to the c2c site as was the case before.

I'm not sure how you do it, but I know it's under "tools," then "internet options."

Play around...you'll find it!

Great news! It gets better and better the closer we get to 2/5/01. I can't think of anything that I have looked forward to this much in a long time. (Gee, that sounds a little sad doesn't it?) Anyway, the station I listen to here in Atlanta moved the all talk programs to thier lesser powered am station and the signal where I live (about 25 miles away) does not come in too well. I suppose I could listen live that night, but I bet the website will be very busy.

Wouldn't you know it? A couple of days after I post the 411 about the old graphic, they change it. Ah well, at least maybe they're listening. . . well, reading. You know what I mean.
