We got lots to do here; jokes, trivia, science&technology, poetry, conspiracy, a kewl radio room, kewl nooz, 'famous last words', I could go on & on, just surf through the place. You might get lost at first; she's a big ship. But keep at it - you'll find that post you left! And if you want to post up just to say "wow, that's a good point." knock yourself out. To quote the Cap'n; quote: "Post away, matey! "- revisedcode He said it, we do it. And we have a lot of fun. SpikeMike~Newsmonger

KingdomofNye,

We have at least 80 Team Art Bell Seti@home members here. If you are a TABBIE please let me know. I would be pleased to add you to my kudos list. Check out our Seti section. The more people you can encourage to join our team the happier Frank, Rabbit and myself will be.

Welcome to the ship!!!

Thanks for the friendly welcome messages!!! You bet I'am a Tabbie, I've have both my home and work PC working day and "nigh"t for the cause! I must admit I have been re-inspired with the Seti project ever since I heard Art was returning, in fact I'am looking at improving my current WU average of 18hrs by overclocking my CPU's with advanced cooling techniques.
