This is REALLY interesting... "uniserve.com" is MY 'ISP', located only a
few miles east of me in British Columbia, Canada. It serves most of
the province, and sure I'll give them a plug....THEY'RE GREAT,
reliable, and very reasonably priced!!

I'm wond'ring who's developing that site!!

I thought this site was a real find too. First page is not impressive but when you click the ET "go home", it's pure magic and pure Art Bell.</p> <p>Chicagofan, thanks for being so great about calming everyone's fears. You arrived just in time to keep us on an even keel. 🌐</p> <p style="text-align: right;">IP: Logged</p>

It's a personal site and I think it's old and that it never got completed. This definitely isn't any thing from PremRad.. and it's certinly no indicator that we are getting the shows back 😞</p> <p style="text-align: right;">IP: Logged</p>

Guess you aren't seeing what I'm seeing. What I get is first is an Art Bell Home Page. In the lower left hand corner there is a picture of an ET with the words "go home" superimposed. When I click on that I'm taken to another screen headed Welcome to FountainHead. There is what looks to me like a large, carved, green stone. The stone has several icons on it and clicking each icon takes you to a different world/subject. Fascinating tease of what is to come.</p> <p>Thanks for your post in Spirituality. I'll talk to you more about it later. Can't go back to the subject right away. Writing about it really wiped me out. Know that I'm praying for you and your daughter. You're fab. 😊</p> <p style="text-align: right;">IP: Logged</p>

Sorry everyone. I thought the site was new.</p> <p>Oh, and Squareball, I think your Chemtrail pictures are great! 😊</p> <p>[This message has been edited by Bellisima (edited 27 January 2001).]</p> <p style="text-align: right;">IP: Logged</p>
