Proof that he is reading the boards, too. But he couldn't "name" it. Whaa! He had to say "out there in emerald hyperspace" or something like that. Didn't he also say "you know who you are." ? I was so excited that I don't think I heard it all correctly. He was handed the "rules" about acknowledging FF. Why does Premrad consider us such a threat?</p> <p>BTW, I guess what I thought was a clever name isn't so clever after all. Don't think anyone gets the play on words in my name.</p> <p>Ian said "Marci Arme(y)". It is really pronounced "Marcia (Marsha) Are Me" as in Toys R Us.</p> <p>Oh well. Thanks for the acknowledgement, Ian. And I'm glad you're feeling better.</p> <p>-Marcia</p>

P.S. And there were only a couple of us that seemed to be with the blast that night too. You, me and Linnea. Maybe there were some silent warriors participating. Either that, or: Are We Powerful Or What!!!!

Hiya- Marcia

What fun!
Ian is fun!
Emerald hyperspace is fun!

Glad Ian felt the Mind/Experiment!
And was energized.

I just missed the reference to you on the air!

PS: I was clued in to your name. I had lots of experience with Toys R Us when Stars Wars Episode One hit the theaters. Was busy scouring the Toys R Us stores for the SW Action Figures - and selling 'em on eBay!
Still got two complete sets of the action figures. Waiting for Episode Two!
You should see the pic of me in my Anakin Pod Racer Helmet!
hehehehe

YES, post that pix, RC. "Here goatie, goatie. Nice little goatie."

Hey Linnea ... I went out and bought a gross of a particular toy at ToysRUs because I was sure it would be a collectors item too. Don't know if it is (yet) or not. It was the Tarzan doll that was packaged in such a way that suggested an unmentionable behavior ... but I think hair will grow on the back of his hand if he doesn't behave. They took it off the shelves shortly after their arrival.

I heard Ian mention marciarme too (and I think he added "and others"). I had also emailed him prior to the mind blast so he might recognize what was happening to him. Don't know if he read it yet, he said he was buried in email. I was there too even though I didn't post about it.

Hey Lou, Thanks for being there for the Blast! Yes, he did mention "others". I think that's what he meant when he said "you know who you are." And you DID!

We are a fine and giving bunch and Ian recognizes that. He's a sly fox too - he managed to recognize us in spite of any Premrad edicts.
