That's just about everything Art is and ever will be!!!!</p> <p>So, you are all anti-art. And what's more, you have come down on the side of the seattle chat club and the gursten team, which means you are doubly out of favor with art. You have assailed his webmaster/nazi and pander to the theories which state that rch is a liar. This is true! he is a lira, but you pander. You are all panderers. Your new name is "morris</p>

panders".

Search that name with quotes on lycos and behold where it takes you.

despite the accusations, i do not actually favor rams. But i do feel that there is a schizophrenic mentality among the posters here. If you are not pro-Art, then why not just say so?

Great. And here I am with a bad hair day. Can you ask that RAMS gives me five or ten minutes, since he wishes to watch?

Please go away RAMS. We aren't interested in anything you have to say.

Thanks for the "invite", but I think I prefer to just hang out - do my own thing. I don't really function very well within a "group mission". But thanks anyway.

PH33R not, O Maties. I have dealt with RAMS B4, and this troll ain't no RAMS, but a poor imitation.

Were it the Real Deal, the post would have been filled with hyperbolic threats, assinine insults, and grandiose schemes. Nay, tiz verily a pale contender for attention.

Indeed the PutZ waz too stoooid to continue the RAMS thread already posted 3 lines down, but had to bid for the spotlight by starting a new thread of his/her own. 😊

But if RAMS is watching, I do have some questions:

What the hell happened to my retainer in 9th Grade? I swear it was in my book bag, but it mysteriously vanished without a trace after Social Studies one day! I've always wondered where it went. Praytell, O RAMSian Oracle; where did my retainer go?

Do I really kick and punch in my sleep az much az people do complain about? Since you're watching, I'm sure U must know.... I have been listening to gripes about this issue from bedpartners my whole life.

Is it time for me to pull out the refrigerator and clean back there yet? I hate to bother looking if U already know.

Is that rumor I heard about Ryan Phillipe true??? How embarrassing! My, My!

Do U know the way to San Jose?

Why are there so many songs about rainbows?

What's love got to do with it?

And, lastly, how does Santa Claus manage to get to all those homes in one night? Iz it the olde Time Zone Scam like my friend insists?

ThankZ in Advance,

Your Loyal Adversary 😊

RAMS was/is a psycho, regardless of how one feels about Art Bell. He (RAMS) proved that while jabbering incoherently over the airwaves. We don't need or want him or his ilk here.
