upward then backward then outward 😬

The other is a shorter-horned nanny-goat...a "goatee-less" lass!!

The above does not bode well for some on board, I fear... 😞

(but they will not harm you, uh, they may just "nip" at your toes or your wine... )

So please, one and all, join in and help us understand just what happened. Once again...

Please give us the goods on the goats...

Your goats should be safe, just keep a close eye on them, especially during full moons and party times (in other words 24/7).

I have learned through various posts on several threads that somehow the goats were picked up off-shore during a flood, joined the party, then somehow BECAME the focal point of the party (i.e. BBQed). Liquor had something to do with it.....

In any event, all should certainly be well now for the next BBQ. We understand that Spike's warm, fuzzy pets (wharf rats) are being tended to down below deck by Paulette (a.k.a "L J"--for Long John Silver) until needed. 😊

Cynthia, it all started here -

<http://www.fantasticforum.com/ubb/Forum23/HTML/000001-4.html>, Scroll down and look for the headline "GOAT AMORE DISTURBING THE PEACE" - and continued on in several other threads.

There is also a picture of Spike in his grass skirt with his goat standing behind him some where here on the board.

It's one of those running jokes that never dies because just when you think everyone's forgot about it just keeps coming back to bite Spike, kind like the Voice-in-my-Head joke. {And we plan to keep it that way,too!} (Yes, we do, Voice-in-my-Head!)

Linda and flprice,

Thanks for responding to my plea...

Full moons and parties ?? Does someone get liquored up and start BBQin' critters?? Sounds like "danger time" for goats

Spike's rats?? Wharf rats?? 🤔

Those things are big as CATS..some bigger !!  
NOW...

I saw those folks eat rat on Survivor, too, but down in Louisiana, we don't like rat.

NOW...'possum, 'coon, alligator...frog-legs, squirrel, snake, etc. ...A-OK...

Rat---NO 🙅

Oh--and flprice,

I appreciate that link, too!! I began reading and spent an hour on all those stories after the one about "noisy goat sex"

To that lady:

{ Hey, EVERYONE..think Cindy Lauper }

(music)

"Yeah, goats-- just wanna have fun...Yeah..  
Oh goats...just wanna have fun...!!"

Thank you Cynthia. And anyone caught cooking rats onboard will have Cherry to deal with.
