This would have been appropriate in any case, because of the weekend hosts, but if you click on "Tonight's Program Info," the message is quite unsettling.</p> <p>Basically, it admits Art's future is in question, and that he received new advice from a doctor which he is considering. I hope that advice includes surgery, but it might also include a permanent retirement, judging by the message. Art is on new meds, and may be back tonight, but possibly not for long.</p> <p>I really hope he'll go ahead with the surgery, then take a couple of months off to recover, but we may be losing him again. I hope I'm wrong.</p> <p>----- Rick Jackson</p>

Obviously, he's mulling over some serious advice and probably hasn't arrived at a decision yet. I think originally he just wanted to do nothing, and let his back heal as much as possible on it's own. He now realizes that this is not possible, and is left with few options, none of them really pleasant.</p> <p>----- Rick Jackson</p>

Gee, Ricky, getting testy since trying and failing to get a Mail-Order Russian Girlfriend? (URL's upon request!)

You have a lot to hide.....

Maybe you are not the squeaky clean guy that the nice people here on Fantastic Forum thought you were? Hmmmm?

Well, that's why we are here, to take you to task. We will let unfolding events and the results be the judge. You know how this will unfold....<scumbag!> <hehehehehehe>

The latest "Spin" is thus:

"The status of Art's injured back is tentative at this point. He did receive advice from a spinal doctor in LA this last Friday. Art is considering that information. He is also taking some new medication. Art felt better on Sunday, but he advised, it's no indication of his long term condition yet. If he feels better on Wednesday, he'll be here to host the show."

I came up with better stuff after my car wreck and I stretched it to two (2) months!

Jeezus! What a web he constructs....masterful!

Nice response, Rick. On par as usual.

As far as his being "in" with Bell, both Feud and Post-Feud, I am sure I heard somewhere Bell had referred to him as "a strange little man with an internet addiction"

Gee, aren't you cute. Actually, Art was referring to RAMS. How's he doing? Still claiming to be a Navy Seal? Any other con-jobs? Are his meds helping his illness?

np: "Berlin"- Lou Reed

Very interesting. The "Russian" ad spoken of was something I placed for a lark a couple of months ago. So what? And, what was anyone looking there for in the first place if they weren't trying to find Russian women. The ad that the loser known as "Nicehorseypaisley" is talking about is at <http://spatkanne.narod.ru/fm/01.06.04/01.06.04.htm> I'd forgotten about it. You'll find me about halfway down the page after you click on. Even I had never seen that page.

Would someone like to tell me how anyone could just stumble on that? It's Russian, and way too obscure. You'd have to be searching for Russian women yourself and find me by accident. Either that, or you'd have to be hacking my computer...but that url was not on my computer, so that can't be it.

I know the loser who found the ad and placed it on another forum. His drunken writing style was easy to spot. Sadly, he used to be one of the good guys, but got too obsessed and paranoid because of needling from a group of psychos called "Spamhaus." He calls me a "stalker" because I tried to show him I was innocent of what he was accusing me of.

He is jobless, and lives off his wife's paycheck, taking care of his kid by day, and drinking Courvossier by night. (Forgive the spelling).

And, since his wife has been bugging him about getting a job, he started looking for Russian women and found my ad.

Oh yeah...the "little man with the internet addiction" quote is DEFINITELY Art's reference to RAMS. I remember when he said it. He has never referenced me on the air at any time.

Very sad.

OK...next accusation?

Once again, CT is not only wrong, but totally inaccurate!

The "Russian Women" post can be found here:

<http://spatkanne.narod.ru/fm/01.06.04/01.06.04.htm>

With translation facilities found here:

<http://www.translate.ru/eng/srvurl.asp>

Tricky Ricky is found all over the web as a "disinfo" agent, known to many as a con artist, a postman by day, sycophant and art bell shill by night.

I can be modded down here, but the truth is out there. Listen to who you will, but the data does not lie!

It has been noticed that you are the only one backing up "Reno Rick". The "DataBase" has revealed your identity. Nuff said. Whoo Hahaaa! Whadda Laff!

np: "Berlin"- Lou Reed

Many "Alternative Lifestyle" couples obsess on Lou Reed. They have quite low viability in the "Real World". Good luck...We'll see you on the "Funway"!

Hey, you got me. I'm actually Andy Warhol's illegitimate son by Edie Sedgwick!
