A preacher was telling his congregation that anything they could think of old or new ,was discussed somewhere in the Bible.and that the entirety of the human experience could be found there. After the service,he was approached by a woman who sid,"Preacher,I do not beleive the Bible mentions PMS

The preacher replied that he was sure it mentions it ther some where and he would find it.

The following week after the service, the preacher called the woman aside and showed her the passage that read

"and Mary rode Joseph!s ass all the way to Bethlehm."
