<p>Ninerism Swashbuckler</p> <p>Posts: 1632 From: Los Angeles, CA., U.S. Registered: Oct 2000</p>	<p> posted 05 August 2001 03:32 PM profile edit quote</p> <hr/> <p>Readers: Perhaps you heard the ART BELL interview with the noted remote seer, Major Ed Dames, which interview occurred last Fri/Sat., I believe.</p> <p>Several times ART BELL deftly sought to have Ed Dames discuss the possiblity that, aids, oops, aides, er, AH "AIDS" was possibly a component of biological warfare, but each time, Dames seemed to want to engage his own special brew of spookery on that important topic, as I interpret the matter.</p> <p>Ed Dames is highly-educated, no doubt, and is well-versed in numbers of topics, but for some darned reason he seems to veer off into hyper-space when it comes to the "highly-intelligent virus" commonly known or thought of as aids, oh, hell, I mean "AIDS"! Dames suggested that due to the unique properties of that seemingly sentient virus -- yes, a "very intelligent virus" -- that it has special and unique properties akin to suggesting that it came from extra-terrestrial sources, perhaps alien sources.</p> <p>I cannot stomach this sort of outrage from a man who even had 'intelligence' security clearance, yet states not one word about the high-strangeness of the real hepatitis-b vaccine blood trials, which began in New York and New Jersey in 1978 and 1979.</p> <p>The only people who were allowed to participate in those blood trials were gay or bi-sexually active young white men! No women were allowed to participate in development of a supposed vaccine for hepatitis-b!</p> <p>Readers, to help stop this sort of extreme and bizarre dis-informatinalizing of "AIDS", please read Dr. Alan Cantwell's books, 'AIDS AND THE DOCTORS OF DEATH' and the sequel, 'QUEER BLOOD', and appreciate the fact that Dr. Cantwell has authored numerous sci-papers on skin-cancers etc. which have been peer-reviewed and been disseminated world wide! Dr. Cantwell's integrity is quite apparent in his writings -- but dare I say, I am quite astounded at the things suggested by that remote seer, a prophet of disinformationalizing about "AIDS", since he does not offer the public one word about the numerous books now written and published which inform the public as to the probable bio-engineered aspects of "AIDS".</p> <p>Please go to www.tetrahedron.org and order the book, 'EMERGING VIRUSES AIDS & EBOLA' 'Nature, Accident or Intentional' by Dr. Leonard Horowitz. Please obtain Dr. Cantwell's books, go to library, and</p>

read his books, and then collate all the vast material known and suppressed from public view as to the horrendous "introductions" during those highly-suspect hepatitis-b vaccine blood trials.

Then, please go to www.paranoiamagazine.com and see if you can locate the article titled, 'BLAMING GAYS, BLACKS and CHIMPS FOR AIDS' by Dr. Alan Cantwell Jr., MD, issue 27 Fall 2001, and see how the vast dis-info is occurring to this day!

There is much to do, and if you think that "AIDS" is only for a sub-group of humanity, think again... as it is likely bio-genocidal programs have been issued in order to reduce human populations on planet Earth. Malthusianism is alive, and er, well, SICK!

So, please donot let Ed Dames' sheer-seeress non-sense fool any of us. He's a clever gamester when it comes to this topic, and he must be challenged.

Please, READ THE BOOKS, and understand the magnitude of the real terror unfolding on planet Earth. Oh, 'save the whales', 'save the donkeys', 'save the asses' if you must, but SAVE HUMANITY, too.

For those who enjoy video format and want to know/learn more about "AIDS" as component of biological warfare, please order following videos: 'THE STRECKER MEMORANDUM' by The Strecker Group, 1501 Colorado Blvd., Eagle Rock, CA 90041 or call first at 213- 344- 8039. That video has the presentation by Dr. Robert Strecker (whose brother, Attorney Ted Strecker, was likely 'suicided' because of the public stance he and his ally, Rep. Huff of Chicago, had taken some years ago re: "AIDS".... and some strange things about cattle). Dr. Robert Strecker is a MD, practicing internist and gastroenterologist, and in addition, he holds a Ph.D. in Pharmacology and is a trained Pathologist, so his credentials should tell you something.

Some years ago, Dr. Robert Strecker was introduced to Dr. Alan Cantwell via their mutual friend, Dr. Virginia Livingston-Wheeler, now deceased, at her home over-looking the ocean near San Diego. Dr. L.-Wheeler had done much personal research into cancers produced by microbes!

Dr. Robert Strecker, after studying the morphology of HIV-virus(es), began to appreciate that the physical characteristics of that strange and most un-naturally occurring virus, indicated to him that there was every appearance it had been bio-engineered, genetically introduced, via the re-combinants of visna virus and bovine leukemia virus. There is lots of research to suggest that various recombinants were being injected into monkeys prior to "AIDS" introduction into highly-select sub-group of gays in New York and New Jersey in 1978 and 1979!

Dr. Strecker provided a personal presentation to a group of top-medical doctors and scientists regarding "AIDS" as probable component of BIOLOGICAL WARFARE at Dr. Virginia Livingston-Wheeler's home that day!

Please understand that this issue will not die on the vine. Many reseachers now believe that "AIDS" is not a naturally occurring virus!

You may also obtain the excellent video prepared by Dr. Leonard Horowitz, www.tetrahedron.org titled, 'AIDS, EBOLA, & VACCINATIONS' \$30.00 well worth an evening with your loved ones, your neighbors, your friends, and have a night of "AIDS" understanding, in viewing Dr. Robert Strecker's unforgettable video, too.

Ninerism's challenge to the searing disinfo of a major dis-info specialist, Ed Dames, is for you to READ THE BOOKS, SEE THE VIDEOS, and understand the true import of "AIDS" as component of biological warfare -- go to www.gulfwarvets.org too and see how "AIDS" is now cross-infected with GULF WAR SYNDROME via MYCOPLASMA

FERMENTANS INCOGNITUS; and MYCOPLASMA PENETRANS leaves much to understand as probable secondary co-factor in "AIDS" productions, too.

For those who want to understand some political intrigues behind "AIDS" and a probable nexus with an "underground" extremist group in New Orleans, La., at the time of the high-strangeness of the JFK-hit, you must read the incredible book, 'MARY, FERRIE, AND THE MONKEY VIRUS' by Ted Haslam, as the author's father was a noted surgeon in New Orleans at the time of JFK's-hit. Some of you must be quite perplexed, and you may be asking yourself, "what does JFK's-assassination possibly have to do with the DOD's interests to develop a microbe which would be refractory to the human immune system, and biological warfare?!" Good question! READ.

Readers: I did want to add, re: Dr. Cantwell's recent published article in www.Paranoiainmagazine.com that this critique involves Dr. Cantwell disputing completely the hair-brained theory/ideas of those who will not discuss "AIDS"-development within animals.... most of which use ridicule to sustain their feeble-minded arguments -- as most debunkers of "AIDS"-as-component-of-biological-warfare refuse to even discuss the facts surrounding "AIDS" and various issues of diseases during 1978 and 1979, in New York and New Jersey, which is where the incipient manifestations of "AIDS" actually began in the United States. If those who discuss "AIDS" in public or on Major Media, even on ART BELL, refuse to discuss what transpired in New York and New Jersey in 1978 and 1979, then you should appreciate they have nothing new to tell you!

This is because this "AIDS" still is one of the biggest hot potatoes that has plagued government since, well, since the Manhattan Project, and they cannot let the big secret out.

The 'Patient Zero' story contrived by author/writer Randy Shilts as expressed in his strange compilation titled, 'AND THE BAND PLAYED ON', did not ever discuss with the public the true facts surrounding "AIDS" and various issues of diseases as unleashed during those hepatitis-b vaccine blood trials, which bloody trails lead to NEW YORK in 1978! That is where it all started, folks! Well, almost, but for those underground biological laboratories and such, too, which wanted to create a virus which would be refractory to the human immune system, and that describes "AIDS" pretty much to a 't', 't' as in Terror! Biological terror, it is already doing its stuff, so you don't need to wait to see it coming, it is here, it is the 'black plague' created by our very own DOD.

Don't trust me on this, READ THE BOOKS, or just refuse to deal with the reality that, per Randy Shilts' who got this part right, "AIDS" "has a catchy ring to it".

Dr. Cantwell writes: "Byh 1971 a total of 2,274 primates had been inoculated at Bionetics Research Laboratories under contract to Fort Detrick. Over 1,000 of these monkeys had already died or had been transferred to other primate centers. Some animals were eventually released back into the wild. By the early 1970's, experiments had transferred cancer-causing viruses into several SPECIES of monkeys, and had also isoalted amonkey virus (Herpes virus saimiri) that would have a close genetic relationship to the new Kaposi's sarcoma herpes

virus that produced the "gay cancer" of AIDS in 1979."

"Could virus-contaminated hepatitis vaccines lie at the root of AIDS? In the early 1970's, the hepatitis-B vaccine was developed in chimpanzees. To this day, some people are fearful about aking the hepatitis-B vaccine because of its original connection to gay men and AIDS. Was HIV -- along with KS Kaposi Sarcoma-cancer and a new MYCOPLASMA -- introduced into gaysduring vaccine trials on thousands of homosexuals in Manhattan beginning in 1978, and i the West Coast cities in 1980-1981?"

"As mentioned, the first gay AIDS cases eruped in Manhattan a few months after the gay experiment began at the NEW YORK BLOOD CENTER. When a blood test for HIV becaem available in the mid-1980's, the Center's stored gay glood specimens were reexamined. Most astonishing is the statistically signifiant fact that 20% of the gay men who volunteered for the hepatitis -B experiment in NEW YORK were discovered to be HIV-positive in 1980 -- a year before the AIDS epidemic became "official" in 1981. This signifies that Manhattan gays in 1980 had the highest incidence of HIV anywhere in the world, including AFRICA, the supposed birthplace of HIV and AIDS. Epidemic cases in Africa didnt appear until 1982."

"Although denied by the AIDS-establishment, a few researchers are convinced that these vaccine experiments served as the vehicle through which HIV was introduced into the gay population. My own extensive research into the hepatitis-B experiments is presented in (book) 'AIDS AND THE DOCTORS OF DEATH': AN INQUIRY INTO THE ORIGIN OF THE AIDS EPIDEMIC' (1988), and in 'QUEER BLOOD': 'The Secret AIDS Genocide Plot (1993). These books also debunk thepreposterous "Patient Zero" story of 1987 (Randy Shilt's book, 'AND THE BAND PLAYED ON 😊, which calimed a promiscuous gay Canadian airline steward brought AIDS to America. The highly implausibel story was sensationalized in the media, and served to further obscure the origin of AIDS in America, and blame gay promiscuity. Even (Dr. Luc) Montagnier (co-discoverer, if not original discoverer, of HIV-virus) is doubttrful that the U.S. epidemic could have developed from a SINGLE PATIENT."

There is so much more to this story, but please if nothing else, READ DR. ALAN CANTWELL's books, and read Dr. Leonard Horowitz's compelling book, 'EMERGING VIRUSES' 'AIDS & EBOLA' Nature, Accident or Intentional www.tetrahedron.org and see what is not being told to the public!

Just as Nuclear Faithing was losing its lustre, and winning a nuclear war appeared less likely, the DOD was requesting that its own scientists develop a vaccine which would be refractory to the human immune system (which means, they wanted a virus to become a key to un-locking the human immune system), and this was supposedly for defensive purposes....?! What? What do you think.

So, a quite literal Manhattan type project was in the works, though not literally in Manhattan, though having the same sort of devastating consequences if such a thing were unleashed, having similar devastations to human populations as for instance NUCLEAR bombs, but without quite the same messes, nuclear winters, and such.

Malthusianism is alive, and er, well, SICK!
Understand that one of the largert portions of the CIA libraries has to do with the on-going eco-devestations occurring by further industrializations in many countries. There are people who are lizard-thinkers, who are reptilian killers, and will stop at nothing to implement their torments upon humankind, that is a fact, and evil was not defeated with the mere death of Hitler.

Nazifications and Nazi atrocities can occur under the "kindest" of intentions, too. Hitler loved his animals, his dogs, though he quite

literally despised certain human beings existence on planet Earth. His type of evil hardly died with him.

If you read the book by William Cooper, 'BEHOLD A PALE HORSE', even he believes that "AIDS" was developed in America's bio-warfare labs, and he has some most tantalizing things to state about all of that, too!

But Dr. Cantwell's books, and Dr. Robert Strecker's ideas/theories as to "AIDS" DOD-connections are the most challenging and realistic things to understand about the NEW ORDER. The rest, other books discussing "AIDS" as component of biological warfare, only adds to the startling revelations as to "AIDS" sinister and nefarious machinations involving NEW ORDER agendas and Malthusianism is at the heart of it all. The racist imperatives are still with us.
