You hardly know the program is running.</p> <p>And yes - Mac users - this means you! 🇺🇸</p> <p>The TAB Team - for the most part seem to have resolved their issues. However - we have formed a Fantastic Forum SETI Team and hope you will join is in our new group!</p> <p>We don't expect to claw our way to the top of the Seti@Home pack - that would be a near impossibility - as most of these teams have a two year head start!</p> <p>But there is one fact about the Seti@home program that has a built in equalizer... ...and that is - maybe you/we/our team will be the ones to actually recieve 'First Contact'!!!</p> <p>We've been very lucky pirates so far - and seem to land on our sealegs in these crises - so WHY NOT?!?!? 🇺🇸 🇺🇸 🇺🇸</p> <p>Why not indeed!</p> <p>We could even do some Friday Night Mind Blasts - to attract the 'First Contact' signal!</p> <p>To Join Up is Easy! For starters - just go to the main Fantastic Forum Page - upper right corner of your screen - and click on Seti@Home - Fantastic Forum Team! 🇺🇸</p> <p>This link will guide you to the FF Seti Team Web Page. From there -</p>

follow the links to the SETI Home Site for information and instructions on how to join.

RC and I and maybe some of the other members will be glad to help if you have any questions.

I've been a SETI@HOME member for about 2 years, at LEAST a year. How could I join you guys? I have 34 completed units and 4669 hrs 9 mins computer time. If you need a numbers boost I'm game. Please just tell me how I could add my hours to the Fantastic Forum team.

Look right above your post & go to that link. You have to quit where you are & then join Fantastic Forum & they will transfer your units.

I'm still wondering who customized the new paint job on the ship? What a color!</p> <p>Personally I don't give any credence that SETI will ever receive a signal that hasn't been produced by man. My thoughts along this line are simple ... man created the disk to eavesdrop. If he doesn't advance his communications he won't find any alien signals.</p> <p style="text-align: right;">IP: <a href="#">Logged</a></p>

I know practically nothing about computers. It is really neat, but I must warn you, you will be hooked .</p> <p>I hadn't joined before, because I assumed I had to be online all the time. Not if you use the same name & email address. I made the mistake of changing Ray's to sufi because he was regestered under Rapa, in fact I'm not sure how we lost in wu's. But when I joined FF I didn't lose them.
