I am here...have blue candle lit for peace, healing, harmony, understanding...and white candle for spiritual guidance, peace, calmness..have my favorite incense wafting through the house...

I am going to sign off now and focus...

I frequently participated in mindblasts previously, at the appointed time, just wasn't online or didn't post. I'm afraid the time is a little late for our East coast pirates.</p> <p style="text-align: right;">IP: Logged</p>

When the mind blast was being sent.. I felt such powerfull....and unusual.. vibes.... almost distracting.... I was drained....and retired just after... Usually a night owl.. these currents of clear energy... that came to me...(I'll try and ponder better wording for them) are Very Striking! Next time Ill be more prepared... and try to be ready for them.</p> <p>Very strange reception today... but I'm here!</p> <p>FairBecca What did you all experience? Care to share?</p> <p>-----</p>
